For families over 14 people, add \$1,080 to your monthly gross income for each person. For assistance, contact a UW Medicine representative noted on the Financial Assistance Application or Plain Language Summary.

A family size greater than one person refers to persons related by birth, marriage, or adoption who live together; all such related persons are considered members of one family. In addition, included family member(s) must be claimed as dependents on federal income taxes for the most recent filed return. Information to support inclusion of family members will be requested when completing the Financial Assistance application.
